Tokyo Nichigo Gakuin

Director Masamitsu Araki

Welcome to Tokyo Nichigo Gakuin !

Tokyo Nichigo Gakuin (TNG) was established in 1986, with the aim of offering opportunities to learn Japanese language and culture experience for foreign students who have a strong will to contribute to friendly relationships between their home countries and Japan. We give each student the guidance of going on to graduate schools, universities, or vocational colleges. We compose curriculums putting emphasis not only on daily conversational Japanese for communication, but also on acquiring the ability to cope with entrance examinations of universities, graduate schools and vocational colleges.

We hope the students not only to master Japanese language, but also to experience Japanese culture. Therefore, we have extracurricular lessons actively to encourage students to learn about Japanese culture and lifestyle.
